The committee assesses the effectiveness of programs and initiatives, ensuring they meet the established goals and serve the target communities effectively.
4. **Resource Allocation and Sustainability:** Recommending strategies for securing resources—both financial and human—to support the implementation of the strategic plan. The committee explores opportunities for collaboration and partnership to ensure sustainability and long-term impact.

5. **Reporting and Accountability:** Regularly updating the full Commission on the progress of the strategic plan and making necessary adjustments based on feedback from internal and external stakeholders. The Committee Chair or Vice Chair will be responsible for all communication to the Executive Committee and full Commission including presenting any reports that need to be shared at Commission meetings.
